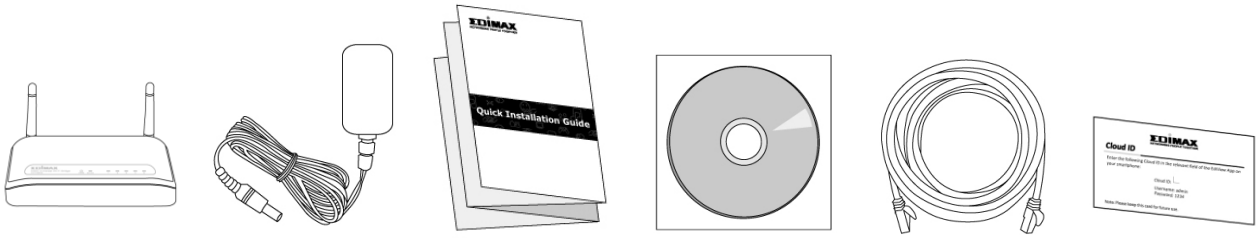
Schnellinstallationsanleitung

09-2012 / v1.0

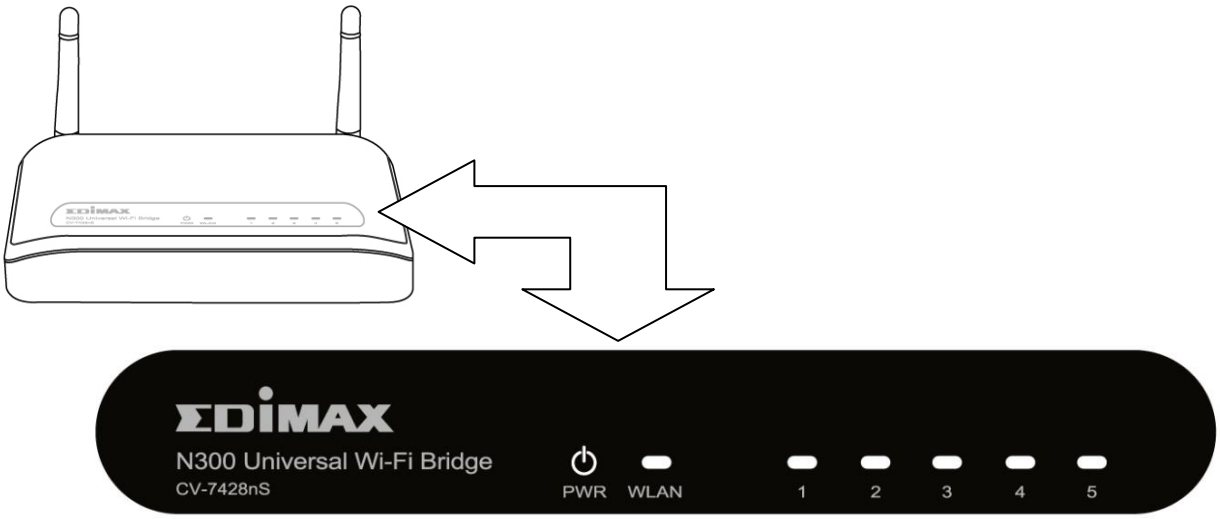
Die ersten Schritte

Bevor Sie beginnen, diese drahtlose Bridge zu verwenden, prüfen Sie bitte den Verpackungsinhalt auf Vollständigkeit, und wenden Sie sich an Ihren Händler, um fehlende Teile zu melden.



- CV-7428nS drahtlose Bridge
- Netzteil
- Schnellinstallationsanleitung
- CD mit mehrsprachiger Schnellinstallationsanleitung und Benutzerhandbuch
- RJ-45 Ethernetkabel
- Karte mit Zugangsschlüssel

Obere Tafel

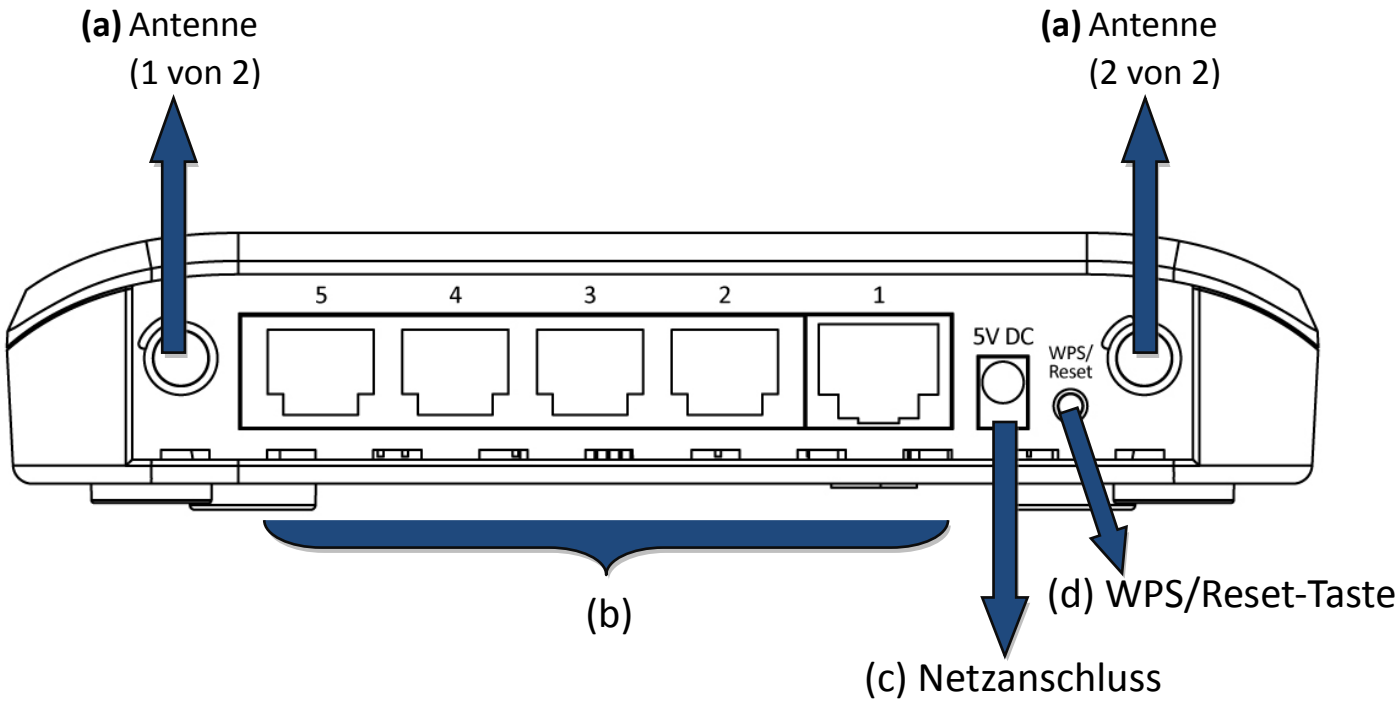


LED-Status

Teil	Farbe	Status	Beschreibung
PWR (Netz)	Grün	An	Drahtlose Bridge ist an.
		Blinkt	Gerät wird hochgefahren
		Aus	Drahtlose Bridge ist aus.

WLAN (Drahtloses LAN)	Orange	An	WPS-Verbindung ist erfolgreich hergestellt worden. Die LED bleibt 5 Minuten lang an.
		Blinkt	WLAN-Aktivität - Senden oder Empfangen von Daten
		Blinkt langsam	WPS ist aktiviert und wartet auf WPS-Verbindung. Die LED blinkt im 2 Sekundentakt. Die drahtlose Bridge wartet zwei Minuten lang auf eine WPS-Verbindung.
		Aus	Das drahtlose Netzwerk ist ausgeschaltet.
1 bis 5 (LAN-Anschlüsse 1 bis 5)	Grün	An	Der entsprechende Ethernetanschluss ist mit einem Gerät verbunden.
		Blinkt	Daten werden über das Ethernetkabel übertragen.
		Aus	Der entsprechende Ethernetanschluss ist nicht mit einem Gerät verbunden.

Rückwand



a. **Antenne**
Feste Dipolantenne

b. **10/100M LAN-Anschlüsse**
Verbindet Computer oder andere Netzwerkgeräte mit einem Ethernetkabel mit diesen Anschlüssen.

c. **Netzanschluss**
Schließen Sie das beigefügte 5 V DC Netzteil hier an.

d. **WPS/Reset-Taste**
2 Sekunden lang gedrückt halten, um die WPS-Funktion zu aktivieren. 10 Sekunden lang gedrückt halten, bis die PWR-LED beginnt zu blinken, um die drahtlose Bridge auf die Werkstandardeinstellungen zurückzusetzen.

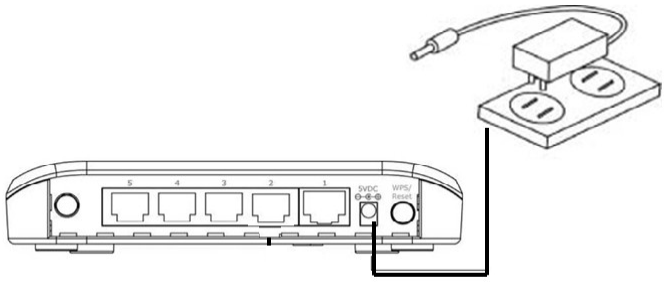
Schnellinstallation

Es gibt zwei Möglichkeiten, wie Sie Ihre drahtlose Bridge schnell einrichten können - Benutzung der **WPS-Taste** oder Benutzung von **iQ Setup** auf Ihrem Computer.

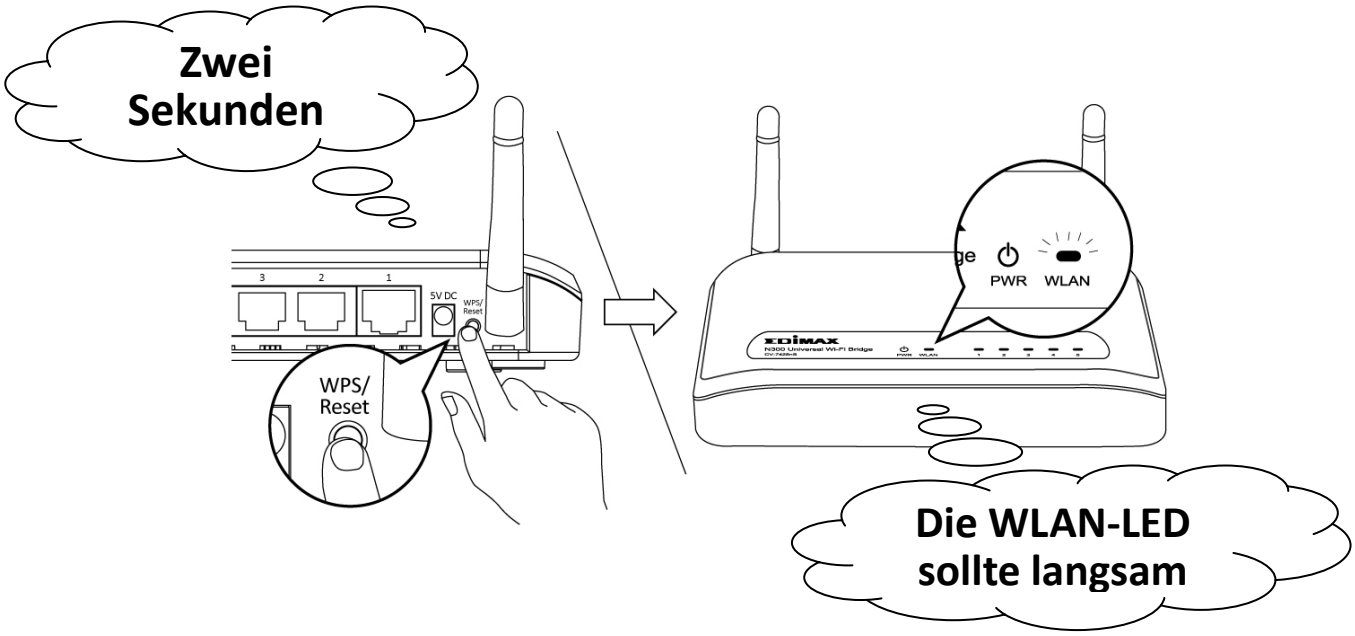
I. Einrichtung mit WPS-Taste

Anmerkung: Wenn der Access Point/Router Ihres Wurzelnetzwerks keine WPS-Taste hat, oder wenn Sie Schwierigkeiten beim Aufbau einer WPS-Verbindung haben, siehe bitte **II. iQ Setup** als Alternative.

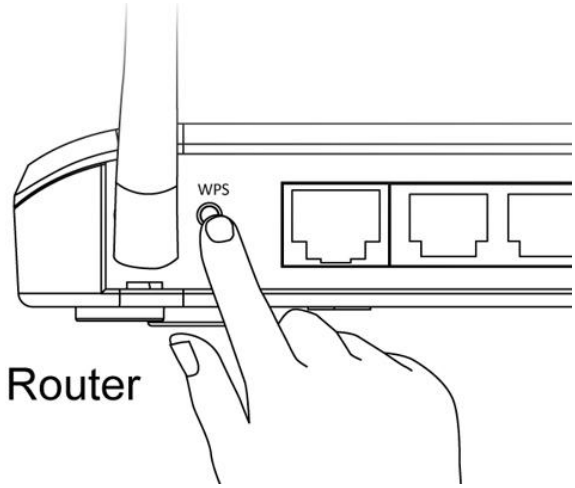
1. Stecken Sie das Netzteil in den 5 V-Anschluss des Geräts und in eine Wandsteckdose. Die PWR-LED leuchtet **ständig**, wenn das Gerät bereit ist.



2. Halten Sie die WPS-Taste an der drahtlosen Bridge **2 Sekunden** lang gedrückt, um die WPS-Funktion zu aktivieren. Die WLAN-LED sollte **langsam blinken** (im 2-Sekundentakt), um anzuzeigen, dass WPS im Gange ist.



3. Die WPS-Funktion der drahtlosen Bridge ist jetzt **2 Minuten lang aktiv**. Drücken Sie bitte **innerhalb von 2 Minuten** die WPS-Taste am drahtlosen Router/Access Point Ihres Wurzelnetzwerks, um seine WPS-Funktion ebenfalls zu aktivieren.



Anmerkung: Unterschiedliche Router/Access Points können unterschiedliche Zeitlängen erfordern, die WPS-Taste gedrückt zu halten - wenn Sie unsicher sind, schauen Sie im Benutzerhandbuch Ihres Geräts nach.

Anmerkung: Achten Sie bitte darauf, die WPS-Taste nicht **zu lange** zu drücken. Eine WPS-Taste hat normalerweise eine Sekundärfunktion als Reset-Taste, was von der Zeitlänge abhängt, während der die Taste gedrückt wird. Wenn die WPS-Taste zu lange gedrückt wird, kann das Gerät unabsichtlich zurückgesetzt werden.

4. Es wird jetzt innerhalb von 2 Minuten eine WPS-Verbindung zwischen Ihrer drahtlosen Bridge und dem Router/Access Point des Wurzelnetzwerks aufgebaut. Die WLAN-LED hört auf zu blinken und ist **an**, um eine erfolgreiche Verbindung anzuzeigen. Die WLAN-LED bleibt 5 Minuten lang an.

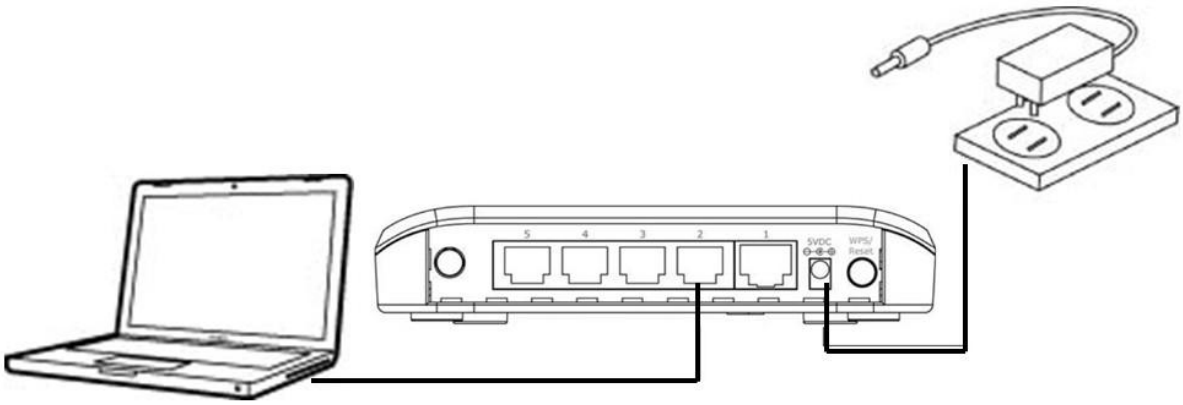
Anmerkung: Wenn die WPS-Funktion an Ihrer drahtlosen Bridge nach 2 Minuten die Zeit überschritten hat, bevor Sie WPS an Ihrem Router/Access Point aktiviert haben, dann kehren Sie bitte zu **Schritt 2** zurück und versuchen es noch einmal.

Ihre drahtlose Bridge ist jetzt konfiguriert und für Ihr verdrahtetes Netzwerkgerät wie Smart TV, Blu-ray Player oder Spielkonsole anwendungsbereit. Siehe bitte **Hardwareinstallation** als Anleitung zum Gebrauch der drahtlosen Bridge mit Ihrem Netzwerkgerät.

II. iQ Setup

1. Stecken Sie ein Ende des Ethernetkabels (im Verpackungsinhalt enthalten) in den Ethernetanschluss Ihres Computers. Dann schließen Sie das andere Ende an einen LAN-Anschluss der drahtlosen Bridge an.

2. Stecken Sie das Netzteil in den 5 V-Anschluss des Geräts und in eine Wandsteckdose. Die PWR-LED sollte aufleuchten.



Anmerkung: Bevor Sie die drahtlose Bridge benutzen, achten Sie bitte darauf, dass Ihr Computer so eingestellt ist, dass er eine **dynamische IP-Adresse** benutzt. Das ist ein einfacher Vorgang, und im **Benutzerhandbuch** erhalten Sie schrittweise Anweisungen, wie das zu machen ist.

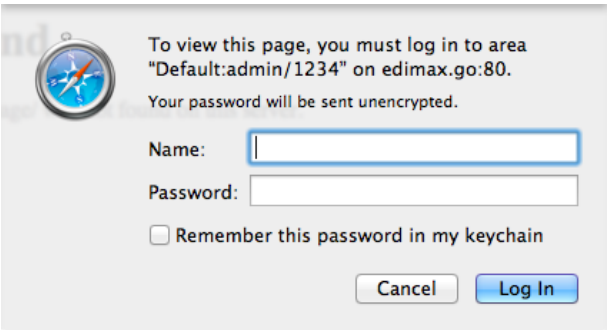
3. Öffnen Sie einen Webbrowser, und Sie werden aufgefordert, Benutzername und Passwort einzugeben.

Anmerkung: Wenn Sie nicht nach Benutzername und Passwort gefragt werden, geben Sie bitte "**http://edimax.go**" in die URL-Zeile ein.

4. Geben Sie bitte den Standardbenutzernamen "**admin**" und das Standardpasswort "**1234**" ein.

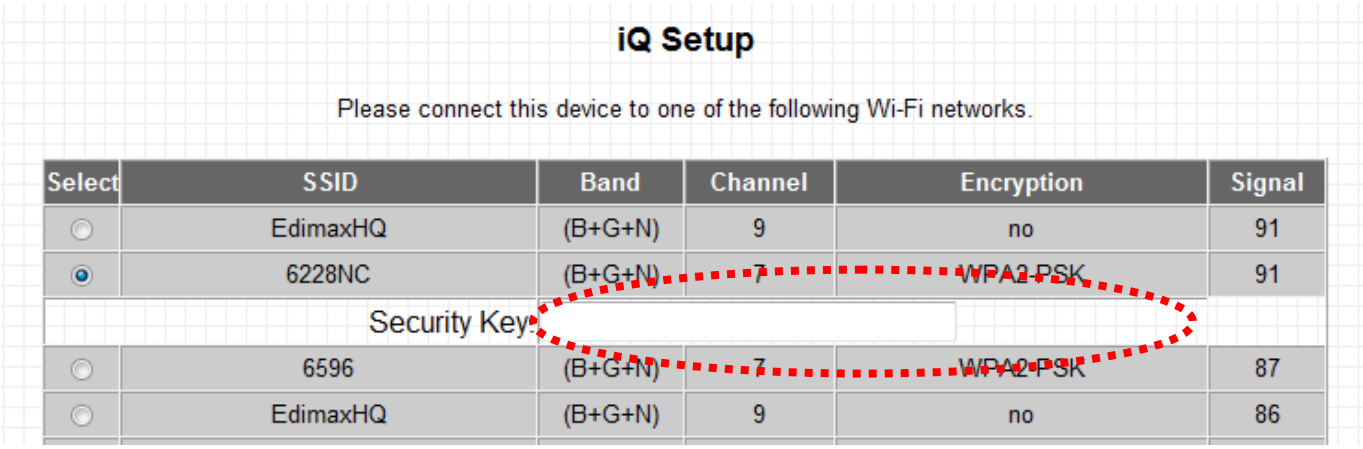
Windows:

Mac:



To view this page, you must log in to area "Default:admin/1234" on edimax.go:80.
Your password will be sent unencrypted.
Name:
Password:
Remember this password in my keychain
Cancel
Log In

5. Es wird der **iQ Setup** Bildschirm angezeigt, wie unten gezeigt. Es werden alle vorhandenen W-Fi-Netzwerke aufgelistet - wählen Sie bitte das Wi-Fi-Netzwerk aus, mit dem Sie die drahtlose Bridge verbinden möchten. Wenn Ihr ausgewähltes Wi-Fi-Netzwerk einen Sicherheitsschlüssel verlangt, erscheint ein neues Feld, wenn Sie Ihr Wi-Fi-Netzwerk auswählen. Geben Sie bitte Ihren Sicherheitsschlüssel ein.



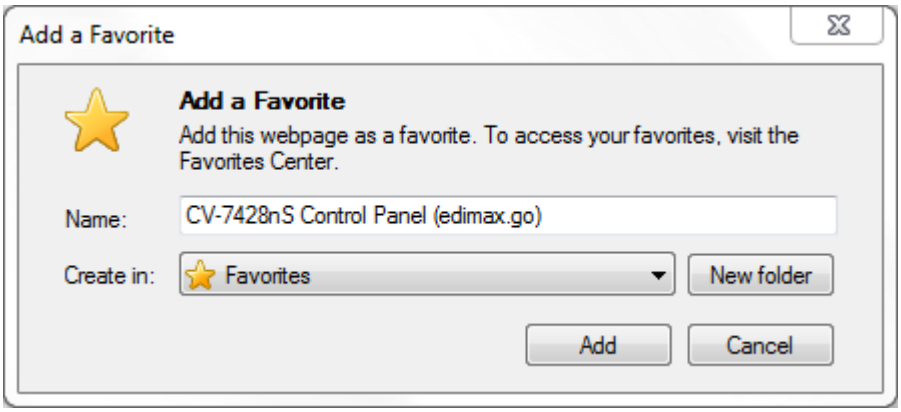
Anmerkung: Wenn Sie Ihren Netzwerksicherheitsschlüssel nicht kennen, sehen Sie bitte im Benutzerhandbuch nach einer Anleitung nach, wie man ihn findet.

Anmerkung: Wenn das Wi-Fi-Netzwerk, mit dem Sie sich verbinden möchten, nicht in der Liste enthalten ist, versuchen Sie, auf "**Refresh**" zu klicken, um die Liste zu aktualisieren.

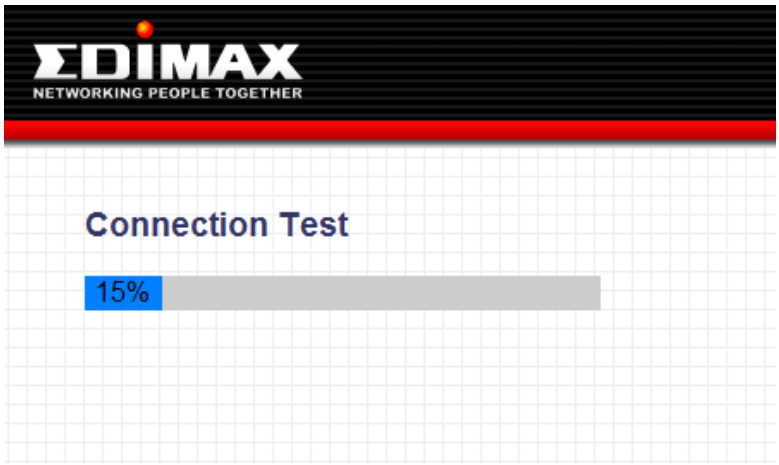
6. Klicken Sie auf "**NEXT**", um fortzufahren. Benutzer von Internet Explorer und Firefox werden um Bestätigung gebeten, wenn sie "**http://edimax.go**"

zu ihren Lesezeichen hinzufügen möchten. Wir empfehlen Ihnen, das für die spätere Anwendung zu machen.

Anmerkung: Wenn Sie einen anderen Browser benutzen, ist es zu empfehlen, die URL "**http://edimax.go**" zu kopieren und manuell Ihren Lesezeichen beizufügen.

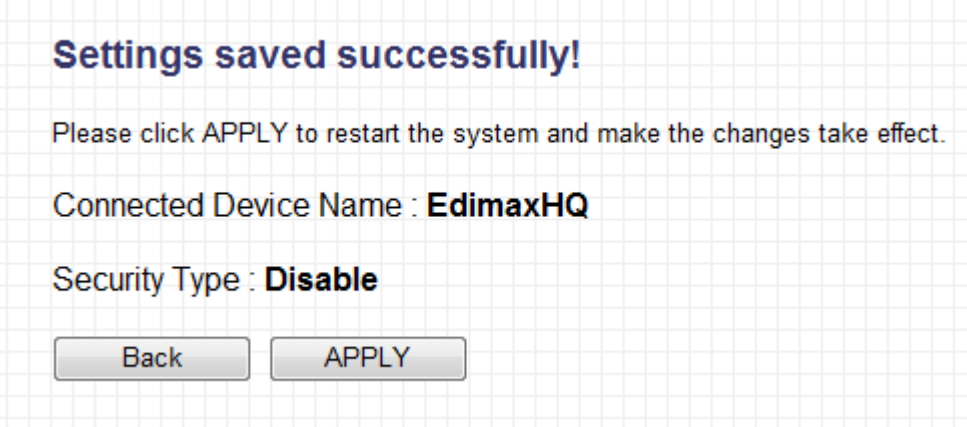


7. Als nächstes warten Sie bitte, während die drahtlose Bridge die Verbindung testet.



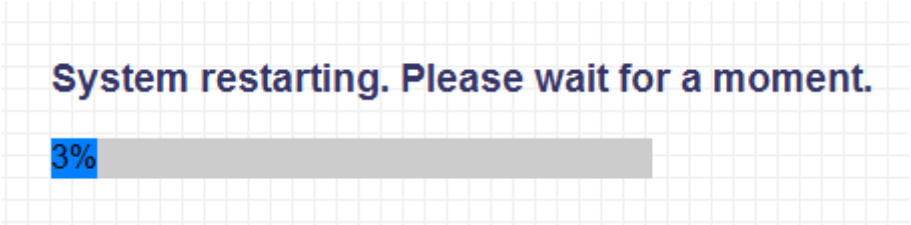
8. Wenn der Test beendet ist, wird folgender Bildschirm angezeigt. Klicken Sie auf "NEXT", um fortzufahren.

9. Auf dem Bildschirm werden der Gerätename und der Sicherheitstyp angezeigt. Klicken Sie auf "APPLY", um die drahtlose Bridge erneut zu starten und die Einstellungen wirksam zu machen, oder klicken Sie auf "Back", um zum vorigen Bildschirm zurückzugehen.

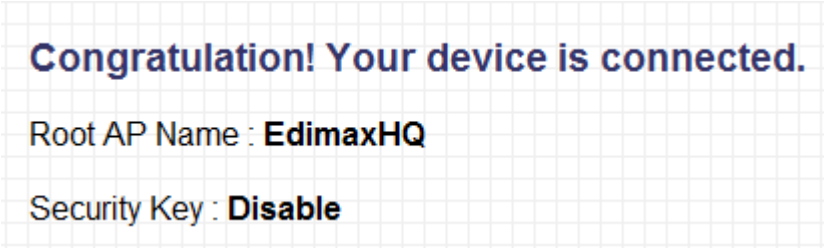


Settings saved successfully!
Please click APPLY to restart the system and make the changes take effect.
Connected Device Name : EdimaxHQ
Security Type : Disable
Back
APPLY

10. Wenn Sie auf "APPLY" klicken, wird das System neu gestartet. Warten Sie bitte, bis der Neustart beendet ist.



11. Auf dem folgenden Bildschirm wird bestätigt, dass Ihre drahtlose Bridge mit Ihrem Wi-Fi-Netzwerk verbunden ist, und es werden auch der Wurzel-AP-Name und der Sicherheitsschlüssel angezeigt.



Ihre drahtlose Bridge ist jetzt konfiguriert und für Ihr verdrahtetes Netzwerkgerät wie Smart TV, Blu-ray Player oder Spielkonsole anwendungsbereit. Siehe bitte **Hardwareinstallation** als Anleitung zum Gebrauch der drahtlosen Bridge mit Ihrem Netzwerkgerät.

Hardwareinstallation

I. Nach der Einrichtung mit WPS-Taste

Schließen Sie die drahtlose Bridge mit einem Ethernetkabel (beigefügt) an eines oder mehrere Ihrer Netzwerkgeräte an. Schalten Sie Ihr Netzwerkgerät an und verbinden es wie gewöhnlich mit Ihrem Netzwerk. Siehe **Abbildung i** & **Abbildung ii**.

II. Nach iQ Setup

Nachdem Sie iQ Setup abgeschlossen haben, trennen Sie die drahtlose Bridge von Ihrem Computer und von der Stromversorgung. Schließen Sie die drahtlose Bridge mit dem Ethernetkabel (beigefügt) an eines oder mehrere Ihrer Netzwerkgeräte an und trennen die Stromversorgung ab - denken Sie daran und warten, bis die PWR-LED **an** ist, womit angezeigt wird, dass das Gerät hochgefahren worden ist. Schalten Sie Ihr Netzwerkgerät an und verbinden es wie gewöhnlich mit Ihrem Netzwerk. Siehe **Abbildung i** & **Abbildung ii**.

Abbildung i

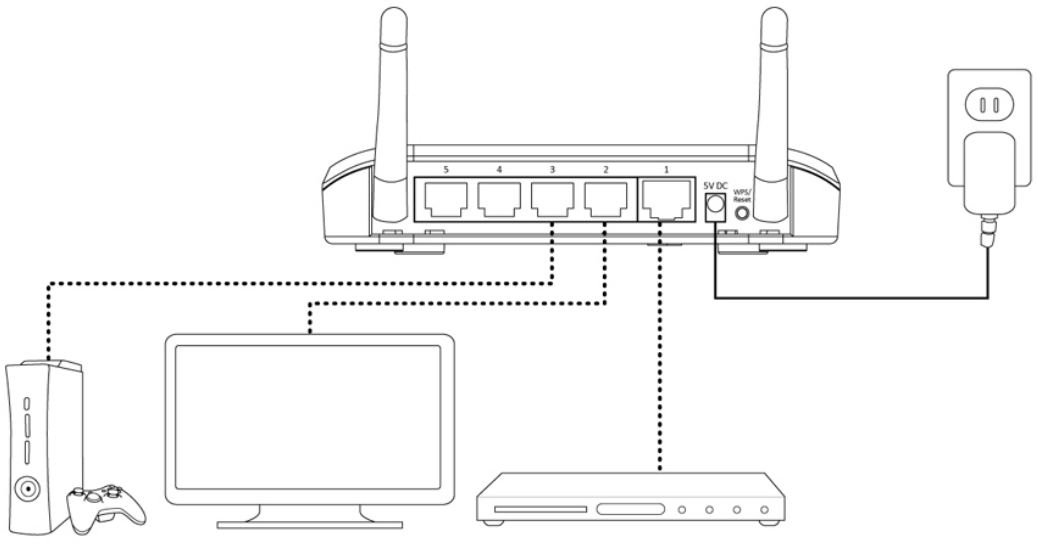


Abbildung ii

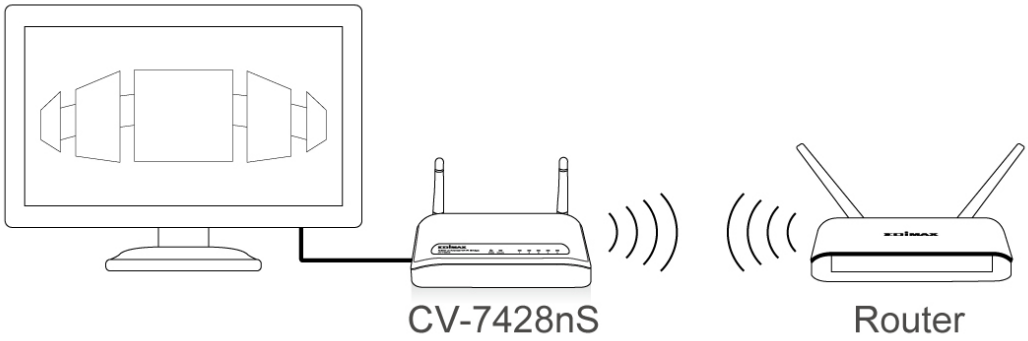

Rücksetzen der drahtlosen Bridge

Wenn die drahtlose Bridge gestört ist oder nicht mehr reagiert, können Sie das Gerät auf seine Werkeinstellungen zurücksetzen. Um das zu machen, halten Sie die WPS/Reset-Taste an der Rückseite des Geräts mindestens 10 Sekunden lang gedrückt. Wenn die grüne PWR-LED beginnt zu blinken, lassen Sie die WPS/Reset-Taste los und warten, bis das Gerät neu startet. Das Gerät ist bereit, wenn die PWR-LED **aufgehört** hat zu **blinken** und **an** bleibt.

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Federal Communications Commission (FCC) Radiation Exposure Statement

This equipment complies with FCC radiation exposure set forth for an uncontrolled environment. The antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter

Federal Communications Commission (FCC) RF Exposure Requirements

SAR compliance has been established in the laptop computer(s) configurations with PCMCIA slot on the side near the center, as tested in the application for certification, and can be used in laptop computer(s) with substantially similar physical dimensions, construction, and electrical and RF characteristics. Use in other devices such as PDAs or lap pads is not authorized. This transmitter is restricted for use with the specific antenna tested in the application for certification. The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

R&TTE Compliance Statement

This equipment complies with all the requirements of DIRECTIVE 1999/5/EC OF THE EUROPEAN PARLIAMENT AND THE COUNCIL of March 9, 1999 on radio equipment and telecommunication terminal equipment and the mutual recognition of their conformity (R&TTE). The R&TTE Directive repeals and replaces in the directive 98/13/EEC (Telecommunications Terminal Equipment and Satellite Earth Station Equipment) As of April 8, 2000.

Safety

This equipment is designed with the utmost care for the safety of those who install and use it. However, special attention must be paid to the dangers of electric shock and static electricity when working with electrical equipment. All guidelines of this and of the computer manufacture must therefore be allowed at all times to ensure the safe use of the equipment.

EU Countries Intended for Use

The ETSI version of this device is intended for home and office use in Austria, Belgium, Bulgaria, Cyprus, Czech, Denmark, Estonia, Finland, France, Germany, Greece, Hungary, Ireland, Italy, Latvia, Lithuania, Luxembourg, Malta, Netherlands, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Turkey, and United Kingdom. The ETSI version of this device is also authorized for use in EFTA member states: Iceland, Liechtenstein, Norway, and Switzerland.

EU Countries Not Intended for Use

None

EU Declaration of Conformity

English: This equipment is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC, 2006/95/EC.

Français: Cet équipement est conforme aux exigences essentielles et autres dispositions de la directive 1999/5/CE, 2006/95/CE.

Čeština: Toto zařízení je v souladu se základními požadavky a ostatními příslušnými ustanoveními směrnic 1999/5/ES, 2006/95/ES.

Polski: Urządzenie jest zgodne z ogólnymi wymaganiami oraz szczególnymi warunkami określonymi Dyrektywą UE 1999/5/WE, 2006/95/WE.

Română: Acest echipament este în conformitate cu cerinţele esenţiale şi alte prevederi relevante ale Directivei 1999/5/CE, 2006/95/CE.

Русский: Это оборудование соответствует основным требованиям и положениям Директивы 1999/5/EC, 2006/95/EC.

Magyar: Ez a berendezés megfelel az alapvető követelményeknek és más vonatkozó irányelveknek (1999/5/EK, 2006/95/EK)

Türkçe: Bu cihaz 1999/5/EC, 2006/95/EC direktifleri zorunlu istekler ve diğer hükümlerle ile uyumludur.

Українська: Обладнання відповідає вимогам і умовам директиви 1999/5/EC, 2006/95/EC.

WEEE Directive & Product Disposal

At the end of its serviceable life, this product should not be treated as household or general waste. It should be handed over to the applicable collection point for the recycling of electrical and electronic equipment, or returned to the supplier for disposal.

Declaration of Conformity

We, Edimax Technology Co., LTD., declare under our sole responsibility, that the equipment described below complies with the requirements of the European R&TTE directive (1999/5/EC, 2006/95/EC).

Equipment: N300 Universal Wi-Fi Bridge
Model No.: CV-7428nS
Report No.: ER251556, EA251556, EH251556

The following European standards for essential requirements have been followed:

Spectrum: ETSI EN 300 328 V1.7.1 (2006-10);
EN 301 489-1 V1.9.2 (2011-09)
EN 301 489-17 V2.1.1 (2009-05);
EMF: EN 50385:2002
Safety (LVD): IEC 60950-1:2005 (2nd Edition); Am 1:2009

Notice According to GNU General Public License Version 2

This product includes software that is subject to the GNU General Public License version 2. The program is free software and distributed without any warranty of the author. We offer, valid for at least three years, to give you, for a charge no more than the costs of physically performing source distribution, a complete machine-readable copy of the corresponding source code.

Das Produkt beinhaltet Software, die den Bedingungen der GNU/GPL-Version 2 unterliegt. Das Programm ist eine sog. „Free Software“, der Autor stellt das Programm ohne irgendeine Gewährleistungen zur Verfügung. Wir bieten Ihnen für einen Zeitraum von drei Jahren an, eine vollständige maschinenlesbare Kopie des Quelltextes der Programme zur Verfügung zu stellen – zu nicht höheren Kosten als denen, die durch den physikalischen Kopiervorgang anfallen.

GNU GENERAL PUBLIC LICENSE
Version 2, June 1991

Copyright (C) 1989, 1991 Free Software Foundation, Inc. 51 Franklin Street, Fifth Floor, Boston, MA 02110-1301, USA
Everyone is permitted to copy and distribute verbatim copies of this license document, but changing it is not allowed.

Preamble

The licenses for most software are designed to take away your freedom to share and change it. By contrast, the GNU General Public License is intended to guarantee your freedom to share and change free software--to make sure the software is free for all its users. This General Public License applies to most of the Free Software Foundation’s software and to any other program whose authors commit to using it. (Some other Free Software Foundation software is covered by the GNU Lesser General Public License instead.) You can apply it to your programs, too.

When we speak of free software, we are referring to freedom, not price. Our General Public Licenses are designed to make sure that you have the freedom to distribute copies of free software (and charge for this service if you wish), that you receive source code or can get it if you want it, that you can change the software or use pieces of it in new free programs; and that you know you can do these things.

To protect your rights, we need to make restrictions that forbid anyone to deny you these rights or to ask you to surrender the rights. These restrictions translate to certain responsibilities for you if you distribute copies of the software, or if you modify it.

For example, if you distribute copies of such a program, whether gratis or for a fee, you must give the recipients all the rights that you have. You must make sure that they, too, receive or can get the source code. And you must show them these terms so they know their rights.

We protect your rights with two steps: (1) copyright the software, and (2) offer you this license which gives you legal permission to copy, distribute and/or modify the software.

Also, for each author’s protection and ours, we want to make certain that everyone understands that there is no warranty for this free software. If the software is modified by someone else and passed on, we want its recipients to know that what they have is not the original, so that any problems introduced by others will not reflect on the original authors’ reputations.

Finally, any free program is threatened constantly by software patents. We wish to avoid the danger that redistributors of a free program will individually obtain patent licenses, in effect making the program proprietary. To prevent this, we have made it clear that any patent must be licensed for everyone’s free use or not licensed at all.

The precise terms and conditions for copying, distribution and modification follow.

TERMS AND CONDITIONS FOR COPYING, DISTRIBUTION AND MODIFICATION

0. This License applies to any program or other work which contains a notice placed by the copyright holder saying it may be distributed under the terms of this General Public License. The ‘“Program”‘, below, refers to any such program or work, and a ‘“work based on the Program”‘ means either the Program or any derivative work under copyright law: that is to say, a work containing the Program or a portion of it, either verbatim or with modifications and/or translated into another language. (Hereinafter, translation is included without limitation in the term ‘“modification”‘.) Each licensee is addressed as ‘“you”‘.

Activities other than copying, distribution and modification are not covered by this License; they are outside its scope. The act of running the Program is not restricted, and the output from the Program is covered only if its contents constitute a work based on the Program (independent of having been made by running the Program). Whether that is true depends on what the Program does.

1. You may copy and distribute verbatim copies of the Program’s source code as you receive it, in any medium, provided that you conspicuously and appropriately publish on each copy an appropriate copyright notice and disclaimer of warranty; keep

intact all the notices that refer to this License and to the absence of any warranty; and give any other recipients of the Program a copy of this License along with the Program.

You may charge a fee for the physical act of transferring a copy, and you may at your option offer warranty protection in exchange for a fee.

2. You may modify your copy or copies of the Program or any portion of it, thus forming a work based on the Program, and copy and distribute such modifications or work under the terms of Section 1 above, provided that you also meet all of these conditions:

a) You must cause the modified files to carry prominent notices stating that you changed the files and the date of any change.
b) You must cause any work that you distribute or publish, that in whole or in part contains or is derived from the Program or any part thereof, to be licensed as a whole at no charge to all third parties under the terms of this License.
c) If the modified program normally reads commands interactively when run, you must cause it, when started running for such interactive use in the most ordinary way, to print or display an announcement including an appropriate copyright notice and a notice that there is no warranty (or else, saying that you provide a warranty) and that users may redistribute the program under these conditions, and telling the user how to view a copy of this License. (Exception: if the Program itself is interactive but does not normally print such an announcement, your work based on the Program is not required to print an announcement.)

These requirements apply to the modified work as a whole. If identifiable sections of that work are not derived from the Program, and can be reasonably considered independent and separate works in themselves, then this License, and its terms, do not apply to those sections when you distribute them as separate works. But when you distribute the same sections as part of a whole which is a work based on the Program, the distribution of the whole must be on the terms of this License, whose permissions for other licensees extend to the entire whole, and thus to each and every part regardless of who wrote it.

Thus, it is not the intent of this section to claim rights or contest your rights to work written entirely by you; rather, the intent is to exercise the right to control the distribution of derivative or collective works based on the Program.

In addition, mere aggregation of another work not based on the Program with the Program (or with a work based on the Program) on a volume of a storage or distribution medium does not bring the other work under the scope of this License.

3. You may copy and distribute the Program (or a work based on it, under Section 2) in object code or executable form under the terms of Sections 1 and 2 above provided that you also do one of the following:

a) Accompany it with the complete corresponding machine-readable source code, which must be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
b) Accompany it with a written offer, valid for at least three years, to give any third party, for a charge no more than your cost of physically performing source distribution, a complete machine-readable copy of the corresponding source code, to be distributed under the terms of Sections 1 and 2 above on a medium customarily used for software interchange; or,
c) Accompany it with the information you received as to the offer to distribute corresponding source code. (This alternative is allowed only for noncommercial distribution and only if you received the program in object code or executable form with such an offer, in accord with Subsection b above.)

The source code for a work means the preferred form of the work for making modifications to it. For an executable work, complete source code means all the source code for all modules it contains, plus any associated interface definition files, plus the scripts used to control compilation and installation of the executable. However, as a special exception, the source code distributed need not include anything that is normally distributed (in either source or binary form) with the major components (compiler, kernel, and so on) of the operating system on which the executable runs, unless that component itself accompanies the executable.

If distribution of executable or object code is made by offering access to copy from a designated place, then offering equivalent access to copy the source code from the same place counts as distribution of the source code, even though third parties are not compelled to copy the source along with the object code.

4. You may not copy, modify, sublicense, or distribute the Program except as expressly provided under this License. Any attempt otherwise to copy, modify, sublicense or distribute the Program is void, and will automatically terminate your rights under this License. However, parties who have received copies, or rights, from you under this License will not have their licenses terminated so long as such parties remain in full compliance.

5. You are not required to accept this License, since you have not signed it. However, nothing else grants you permission to modify or distribute the Program or its derivative works. These actions are prohibited by law if you do not accept this License. Therefore, by modifying or distributing the Program (or any work based on the Program), you indicate your acceptance of this License to do so, and all its terms and conditions for copying, distributing or modifying the Program or works based on it.

6. Each time you redistribute the Program (or any work based on the Program), the recipient automatically receives a license from the original licensor to copy, distribute or modify the Program subject to these terms and conditions. You may not impose any further restrictions on the recipients' exercise of the rights granted herein. You are not responsible for enforcing compliance by third parties to this License.

7. If, as a consequence of a court judgment or allegation of patent infringement or for any other reason (not limited to patent issues), conditions are imposed on you (whether by court order, agreement or otherwise) that contradict the conditions of this License, they do not excuse you from the conditions of this License. If you cannot distribute so as to satisfy simultaneously your obligations under this License and any other pertinent obligations, then as a consequence you may not distribute the Program at all. For example, if a patent license would not permit royalty-free redistribution of the Program by all those who receive copies directly or indirectly through you, then the only way you could satisfy both it and this License would be to refrain entirely from distribution of the Program.

If any portion of this section is held invalid or unenforceable under any particular circumstance, the balance of the section is intended to apply and the section as a whole is intended to apply in other circumstances.

It is not the purpose of this section to induce you to infringe any patents or other property right claims or to contest validity of any such claims; this section has the sole purpose of protecting the integrity of the free software distribution system, which is implemented by public license practices. Many people have made generous contributions to the wide range of software distributed through that system in reliance on consistent application of that system; it is up to the author/donor to decide if he or she is willing to distribute software through any other system and a licensee cannot impose that choice.

This section is intended to make thoroughly clear what is believed to be a consequence of the rest of this License.

8. If the distribution and/or use of the Program is restricted in certain countries either by patents or by copyrighted interfaces, the original copyright holder who places the Program under this License may add an explicit geographical distribution limitation excluding those countries, so that distribution is permitted only in or among countries not thus excluded. In such case, this License incorporates the limitation as if written in the body of this License.

9. The Free Software Foundation may publish revised and/or new versions of the General Public License from time to time. Such new versions will be similar in spirit to the present version, but may differ in detail to address new problems or concerns.

Each version is given a distinguishing version number. If the Program specifies a version number of this License which applies to it and '"any later version'", you have the option of following the terms and conditions either of that version or of any later version published by the Free Software Foundation. If the Program does not specify a version number of this License, you may choose any version ever published by the Free Software Foundation.

10. If you wish to incorporate parts of the Program into other free programs whose distribution conditions are different, write to the author to ask for permission. For software which is copyrighted by the Free Software Foundation, write to the Free Software Foundation; we sometimes make exceptions for this. Our decision will be guided by the two goals of preserving the free status of all derivatives of our free software and of promoting the sharing and reuse of software generally.

NO WARRANTY

11. BECAUSE THE PROGRAM IS LICENSED FREE OF CHARGE, THERE IS NO WARRANTY FOR THE PROGRAM, TO THE EXTENT PERMITTED BY APPLICABLE LAW. EXCEPT WHEN OTHERWISE STATED IN WRITING THE COPYRIGHT HOLDERS AND/OR OTHER PARTIES PROVIDE THE PROGRAM '"AS IS'" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESSED OR IMPLIED, INCLUDING, BUT NOT LIMITED TO, THE IMPLIED WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE. THE ENTIRE RISK AS TO THE QUALITY AND PERFORMANCE OF THE PROGRAM IS WITH YOU. SHOULD THE PROGRAM PROVE DEFECTIVE, YOU ASSUME THE COST OF ALL NECESSARY SERVICING, REPAIR OR CORRECTION.

12. IN NO EVENT UNLESS REQUIRED BY APPLICABLE LAW OR AGREED TO IN WRITING WILL ANY COPYRIGHT HOLDER, OR ANY OTHER PARTY WHO MAY MODIFY AND/OR REDISTRIBUTE THE PROGRAM AS PERMITTED ABOVE, BE LIABLE TO YOU FOR DAMAGES, INCLUDING ANY GENERAL, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PROGRAM (INCLUDING BUT NOT LIMITED TO LOSS OF DATA OR DATA BEING RENDERED INACCURATE OR LOSSES SUSTAINED BY YOU OR THIRD PARTIES OR A FAILURE OF THE PROGRAM TO OPERATE WITH ANY OTHER PROGRAMS), EVEN IF SUCH HOLDER OR OTHER PARTY HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.
